Dear Sir/Madam,

RE: K Production Letter of Recommendation

With well earned respect, Kimi is a gifted leader of people, as evidenced by her success at K Production. She is forthright and fair, discreet, motivational and supremely knowledgeable in how to encourage the best performance from her team. Her magnificent interpersonal skills extend to every level of an organization. She is bright, dedicated and self-directed, quickly understanding and matching a company's ethos and mission.

I confidently recommend K Production Sdn Bhd for future marketing projects. I want to thank you for your exceptional work during our project. Your hard work and dedication to the job was an integral part of the successful completion of the project.

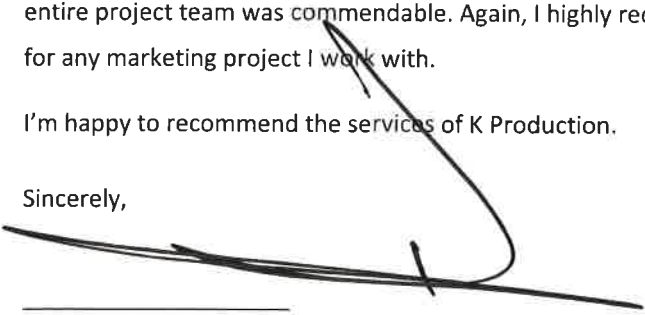

I had the good fortune of working with K Production during our Chinese New Year music video in October 2017. With a number of jobs occurring at the same time, involving multiple planning process; detailed planning, implementation, and communication of those plans with all team members was critical. The key to our success was the ability to work with one vision. Your efforts and talents were a significant contribution to the entire team in accomplishing great results considering some of the project "set-backs". Kimi Lau, Eddie Tiger, and the rest of the crew supported each other seamlessly, worked diligently, and communicated well together to successfully complete the video.

The K Production teams managed their portion of the job planning process/procedures exceptionally well and were always prepared to proactively identify options and solutions to challenges that occurred during the project.

The success of the music video was the result of the team assembled and their ability to communicate and work collaboratively and unselfishly towards the common goal. K Production's role in the music video project was excellent and their contribution to the entire project team was commendable. Again, I highly recommend the team at K Production and would welcome their contribution for any marketing project I work with.

I'm happy to recommend the services of K Production.

Sincerely,

丹斯里拿督朱瑞強
